Risk & Strategy Conference 2026

Anchor Reports:

We explore how the global risk landscape is evolving — and what it means for organizations operating in a more complex and volatile environment.

Drawing on Marsh risk advisory, insurance expertise and Oliver Wyman strategic insights, we focus on how leaders can anticipate, quantify and respond to emerging risks.

Focus areas:

- Global and regional risk trends
- Cyber, AI and geopolitical risks
- Strategic risk management and resilience
- Data-driven decision-making

Cyber Risk & AI Impact Insights Lab

Wednesday, May 13, 2026 at 14:30

Orion Beci,
Cyber Advisor, Marsh Risk

Roy Krischer
Cyber Advisory & AI specialist,
Marsh Risk Consulting Germany

This session is built for action. You will step into real-world scenarios, understand how incidents escalate, and explore what effective response looks like — in practice, not theory. What makes this lab different:

Cyber Incident Response Game

You and your peers will navigate a live cyber crisis.

Decisions matter. Timing matters. Outcomes change based on your actions.
