

Dear Madam,

Alongside all Europe, we are currently going through a time of major changes. In the absence of a national conversation related to vision and strategy, the Romanian Business Leaders Foundation partnered with GfK Romania to draft a vision of the RBL community for the near future, through your contribution.

We are inviting to join over 150 leaders from business and society to debate the conclusions of the research conducted on the major phenomena and their foreseeable effects for Romania in the year to come. During the event, work group leaders will also talk about how the top priority projects for Romania have evolved since the Romanian Business Leaders Summit, in February 2012, when the projects had been generated.

The RBL event on May 23rd will take place at **Ramada Nord Hotel** in Bucharest and will start at **08.30 am**.

The first session of the event will start at 09.00, finish at 11.00 and it will be followed by a 30 minutes coffee break. The second and last session will start at 11.30, end at 13.30 and will be followed by light lunch.

As the conference room capacity is limited to 200 persons, we kindly ask you to confirm your attendance by May 15th 2012 to sebastian.hubati@rbls.ro, 0747.222.576.

Yours truly,

Mihail Marcu
