Împreună luptăm
împotriva COVID-19.
Chiar și în timpul somnului.

Contribute to research

- Relaunching **DreamLab** for Covid-19 research
- DreamLab uses the processing power of smartphones to help analyze complex data
- Data will help Imperial College London scientists identify existing drugs and food-based molecules with anti-viral properties, ultimately enabling tailored treatments for patients with coronavirus

School in a box

- Free WebEx access for all the schools - video conference solution, in-kind donation together with Cisco & IBM
- 210% increase in lessons created on the platform since school closure. 320 lessons accessed from home by 1,900 students from the rural areas
- 2 webinars on how to create digital lessons– 252 teachers attended
- Zero rating (free internet) for all VDF clients using the platform

Trustworthy Information

- Supporting Code4Romania to develop 6 Covid-19 related digital solutions in order to keep public informed and avoid spreading of fake news

Budget: €20K

Help for the elderly

- Sponsorship for acquiring a switchboard plus 40 mobile phones & respective 6 month subscriptions for “Shopping delivered to your door” by Geeks for Democracy Association (shopping & home delivery for elderly and disabled people).

Budget: €10K

Medical devices

- Acquisition of a testing machine and 5,000 tests for the triage centers in Arad. The testing machine can process 500 tests/day.
Budget: €150K

**INSTITUTUL NAȚIONAL
DE BOLI INFECȚIOASE**
"Prof. Dr. MATEI BALȘ"

Connecting patients & physicians

- Funds allocated for buying 16 terminals with 6-month subscriptions for the Matei Bals Institute for Infectious Diseases in Bucharest. Devices enable patients in isolation to communicate with doctors while maintaining a safe distance.

Budget: €1.3K

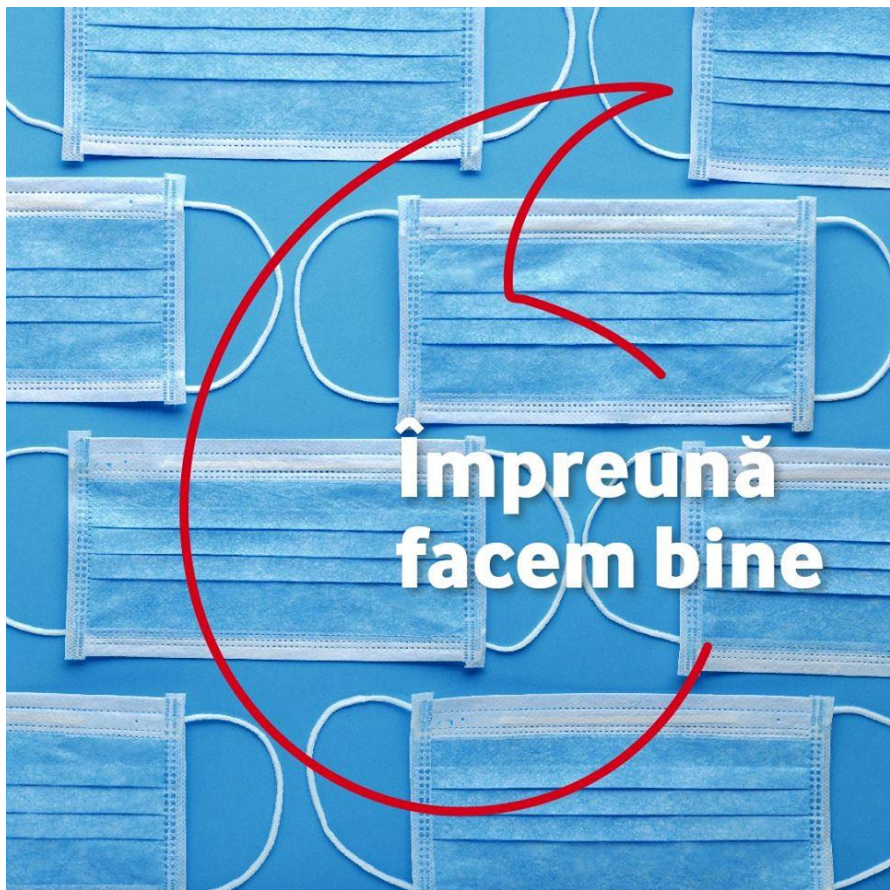

Connecting physicians

- 9 tablets and free data traffic to enable the medical staff from the Victor Gomoiu Hospital in Bucharest to stay in touch with physicians from other hospitals and consult patients remotely.

Budget: €2.8K

Medical gear

- Acquisition of 10K masks and facilitating donation of additional 20K masks from Xiaomi for the medical staff at Victor Gomoiu Hospital
Budget: €5K

Medical gear

- Aquisition of specific gear needed in the ICU Marie Curie (inhalers, air pumps, air filters etc.) for newborn babies suffering from serious medical conditions.

Budget: €12K
